Official Diary

Monday, 30 July 1951

25X1

[redacted] PC, called and asked if there could be an extra PRC meeting this week. Checked this with Mr. Jackson and one has been set up for 10:30 on Thursday.

25X1

[redacted] brought up the revised Atomic Energy Report with letters of transmittal to be signed by the DCI. Have asked Mr. Pforzheimer to rewrite the one to the Joint Committee.

25X6

[redacted]

25X1

Colonel Randall, Defense Department, called and referred to a conversation with [redacted] Randall would like to know if the flow of service personnel has improved. I will call Randall back and inform him that Mr. Wolf is following this. Will ask Mr. Wolf to call either [redacted] when he returns from New York.

25X1

Talked to Mr. Douglass about intelligence for General Eisenhower. Mr. Douglass says that General Gruenther is in Washington and will discuss the whole matter with the DCI.

25X1

Had long talk to [redacted] about ONE.

25X6

[redacted]

25X1

Meeting with Mr. Jackson, Dr. Chadwell, Mr. Reber, and [redacted] on the position of the Services in regard to scientific intelligence. Mr. Reber suggested that the DCI should bring the matter up before the IAC for determining in what areas CIA should have a continuing coordinating interest. Mr. Jackson concurred in this and further stated that if no satisfactory solution was arrived at in the IAC, then the Director could bring it to the NSC. Mr. Jackson
